

Modifying Face Mask Pattern for Fabric Ties

Because we are using four 18inch fabric ties instead of elastic bands, you will need to carefully put all four ties in between the 2 fabric pieces in step 1. I have found that it is very helpful to wind up the excess ties and place them in the center so they are out of your way when sewing. See photos below.

SUPPLIES

MAKE SURE EXCESS FABRIC IN THE CENTER, PIN/CLIP THE CORNERS

LAYER 2ND PIECE OF FABRIC ON TOP, ADD TO PINS/CLIPS THEN READY TO SEW.
